

St. Joseph's

Murton

Class 1

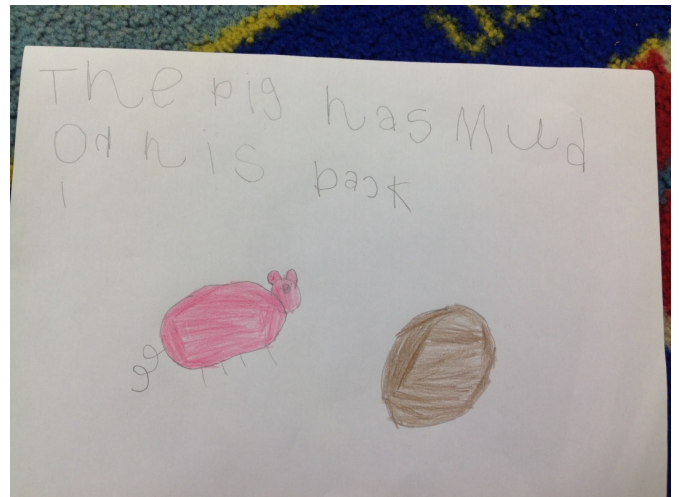

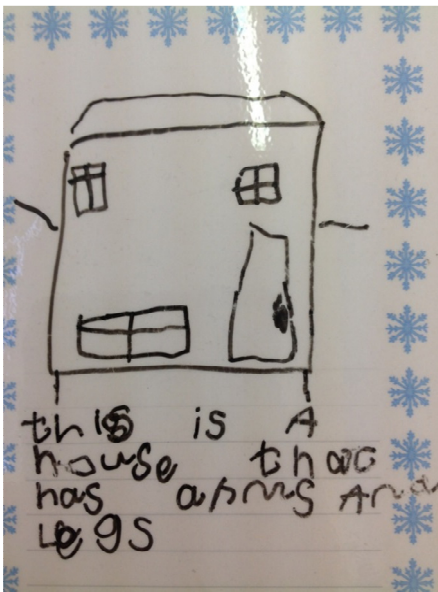

Spring Term

2018

Writing

This term, we have been practising a lot of writing!

We have been trying very hard to write a sentence to describe our pictures. We use our sounds to help us.

Numeracy

Money

At the start of Spring Term, we looked at money. The children learned about coins and the types of things we can buy with coins. We pretended we were at the shop and chose something to buy. We then had to give the shopkeeper the correct amount of money for the item.

Shapes

We have also completed lots of activities to help us learn about shape! We looked at 2D shapes and their properties.

We played guessing games...

We counted the sides and vertices each shape has...

During Numeracy we have also explored weight using the bucket balances, sorting using the sorting circles and practised addition using counting resources.

We enjoy using the sorting circles...

One of our favourite Numeracy lessons was about Odd and Even Numbers!

We sorted numbers up to 20 into odd and even numbers.

Watching a video and singing the Odd Todd and Even Steven song helped us with this!

PE

During PE, somebody came into school to teach us Judo. We enjoyed this and all listened very well.

We had a fantastic World Book Day!

We went on a walk to hunt for signs of Spring...

We had a fantastic Easter Day and created some wonderful decorated and dyed eggs and some fantastic Easter Bonnets. Our teacher was very impressed!

We also went outside for an egg hunt before ending our day with a lovely shared meal in the hall.
