

# Life in class 5

## Spring Term

This term the children produced some fantastic creative writing, based on the book which they really enjoyed reading in class- Cirque Du Freak.

The children enjoyed learning about El Salvador- focusing on its location, climate and comparing living conditions in El Salvador to the UK. We learnt about how El Salvador is known as the land of volcanoes and earthquakes.

The children really enjoyed dressing up as book characters on World Book Day and many thanks to all the parents who helped with the costumes.

We had a very enjoyable Easter. As usual children and parents produced some fantastic creations -eggs and Easter bonnets. It was really nice to see all the children participating in their shared meal together.

Year 6 Booster started shortly after the half term and the year 6 children are working very hard towards their Sats. We are confident that their hard work will be rewarded with good results.

We hope you enjoyed reading about just some of the things we did this term.
