

# Life in class 2

## Summer term

Our topic this year is 'Under the sea'. In Art we designed our own under the water sea world. We had to make it using different materials and a paper plate. First, we designed the paper plate in our Art books. We had to decide what materials and equipment we would need to be able to make it. The next day we gathered the materials we needed and set to work! We had lots of fun making these plates. It was great to use scissors and make different sea creatures from the materials. Some parts were a little tricky but most importantly we had lots of fun making them!

Hannah- "we painted the plate blue to look like the sea."

Jacob -"We decorated a plate to make it look like seaweed, sea creatures and shells."

Theo- "Some of us painted it light blue and some of us painted it dark blue."

Darcey- "We designed them in our books before we made them."

Oscar- "We drew the fish onto card and then cut them out and stuck them onto the part."

Mary Beth- "It was awesome!"

Going to Beamish was so much fun! We learnt lots about old transport. We now know a lot about the Penny Farthing which is a really old bike. We got to ride a tram and even got to stroke a horse. We loved going super fast on the stream train! We especially loved lunch time and getting to try some biscuits in the bakery— they were yummy! It was so funny sitting in the old school because it was very different to our school. There was a huge fire which was there to keep the teacher warm. At the end of the day we rode home on a coach which was a lot different to the transport we rode at Beamish as it was cosy and warm.

*Hamshi- "It was really fun and we got to see a Penny Farthing."*

*Daniel- "The bus was very bumpy."*

*Angelica- "We needed to bring a packed lunch."*

*Isobelle- "We got to go to a sweetie shop and a bakery. We got to eat biscuits and lollies."*

*Dean- "The trip was amazing!"*

This term some of us have attended the after school club 'Multi-skills'. It is a club where we learn lots of different sport skills. It is a little bit like PE. We have played lots of games and had lots of fun! Each week we did something different. We got to play with a parachute and play different ball games. In a lot of the games we had to play fairly and work as a team. We really hope we can continue this club when we are in Year 2.

*Theo- "We play shark games and dodge ball"*

*Angelica- "Sometimes we play smartie games."*

*Jacob "You have to listen for the rules and we play lots of different games.!"*

*Tahlilly- "We played with a parachute."*

*Daniel- "If you get touched by a red ball you are out of the game."*

*Reece- "When you go in the parachute you have to sit on the line."*

*Jacob Hall- "The club was amazing!"*

In Geography we have been learning about our local area. We went on a walk around Murton where we looked for local places. We had to be really sensible and safe when crossing the roads. We talked about road safety before we left. On our walk we went with Miss Carlin, Mrs Nichols and Mrs Pescod. When we got back to class we made a map of our local area.

Somto—"I saw the chemist and the post office."

Daniel- "I saw the petrol station"

Tahlilly- "We have been learning about maps"

Molly- "We walked up The Terrace"

Judo was so much fun! We went into the hall and it was covered in mats. We got to learn new skills and play games. It is very important you are sensible when practising and listen to the instructors.

Theo- "We had to take each other down by grabbing them and lifting them over"

Elliott- "We played a tail game where you had to grab the band from the other person."

Lincoln- "When we were pinning down our partner we had to pin them down for 20 seconds"

Mary-Beth- "One of the rules said when we fight in Judo we need to use special mats."

For our mission we decided to give to others. We collected lots of food to take to the food bank. We were so happy with the generosity from staff, pupils and parents. We walked down to the Salvation army with our bags. We met the staff their and sang a hymn. We are so happy we can help others.

Dean- "We went down to give food away and after we did some dancing with music"

Jacob- "We sang a song and I joined in and I really liked when we walked down to the Salvation army together with partners. It was a nice walk and it was nice to explore the Salvation army because I have never been there before."

Hannah- "We collected the food and took them to the Salvation army"

Spencer- We had partners.
