

Year 1 Home Learning Tasks W.B: 15.06.2020

Hello Year 1,

Well done for some wonderful work last week and thank you to all of you who have uploaded tasks to Class Dojo. Please do continue to do this regularly and keep in touch!

For this week:

This week we are looking at a story called 'The Lighthouse Keeper's Lunch'. I will share the story with you on Class Dojo on Monday morning so that you have a copy to read! We will be doing a few different activities based on this book!

Suggested Structure:

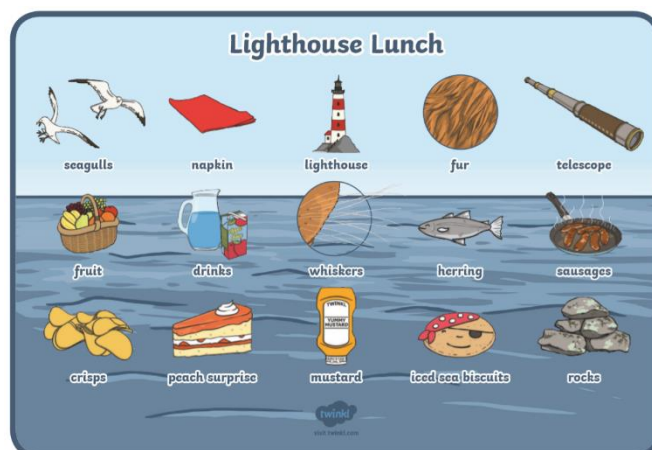

Monday – Read and familiarizes with the story with your child. Identify the adjectives (describing words) in the book that describe Mr Grinling's lunch. Write about or draw your own favourite meal and think of as many adjectives as possible to describe it!

Tuesday – Re-read this week's story focusing on the days of the week! It is a requirement in the Year 1 curriculum to be able to sequence and spell the days of the week – so that is our focus today! List the days of the week in the correct order and try your best to spell them! Next write a sentence of brief description of what happened in the story on each day.

Wednesday – Eventually, Mr and Mrs Grinling try to put food in the picnic basket that the seagulls won't like! Today I would like you to write your own silly recipe for 'Seagull Scaring Sandwiches'. There are some templates/prompts later in this document that I can share with you on Class Dojo too. Don't worry about printing these, you can write straight in to your writing books.

Thursday – Today we will look at healthy eating plate and talk about the importance of a balanced diet. I will share resources on this via Class Dojo. Your writing task today is to write a healthy menu for Mr Grinling's Picnic!

Friday – Write a post card from Mr Grinling telling others what has happened and how he solved the problems! Pretend you are Mr Grinling when writing and don't forget to use personal pronoun 'I'. The word mat below may be useful!

Phonics/Reading

Keep accessing Lexia each day too. We recommend 10-15 minutes each day!

Please keep continuing to access the 'Letters and Sounds for home and school' on YouTube Daily at 10.30am.

Don't forget to continue accessing E-Books on Oxford Owl website:

<https://www.oxfordowl.co.uk/for-home/reading-owl/library-page>

Maths

Please continue to access White Rose home learning for Maths. There are lessons and activities on here daily. These lessons follow on from what we were learning when we were last in school. I will prompt you to these throughout the week. In school this week. I will be continuing to develop the children's skills of counting in 2s, 5s and 10s. We will be looking at adding equal groups and making arrays – I will upload some of the things we are using in school to those of you at home this week! I look forward to seeing you complete these daily activities – make sure to upload your Friday Maths challenge when it is complete!

<https://whiterosemaths.com/homelearning/year-1/>

If you find things tricky remember it is always good to practice with practical resources first!

Remember to keep accessing Numbots regularly each day too!

History Project

This project will be on going over the next few weeks! To start it this week I would like you to think about Seaside features and how they may have changed from the past to now! I have attached some images of Seaside days/holidays in the past and now! This week's task for this project is to play a game of 'spot the difference' what things can you see that are different from now to the past? Look at the seaside, its features, the people, what they are doing, what they are wearing ect. Make a list of changes that you can see!

The past (1920s)

Now:

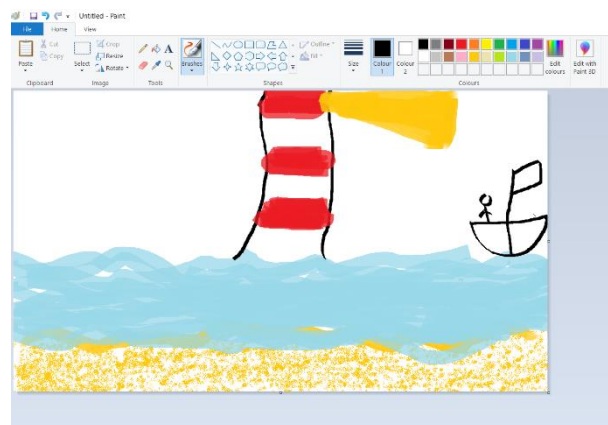

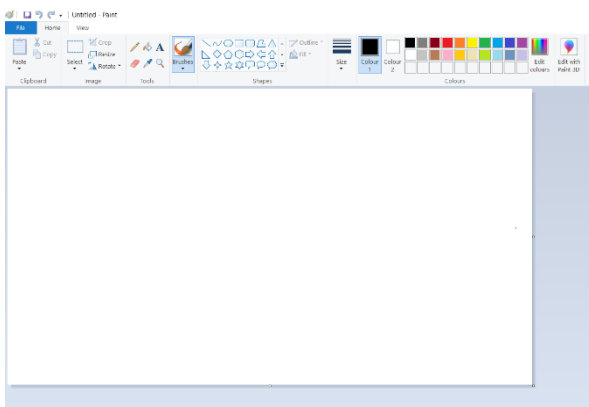

Computing Challenge.

Just like our rainbows a couple of weeks ago, can you use the Paint program on your computer or device to draw and decorate a lighthouse?

If you complete this quickly, you could add other things to your paint lighthouse such as the sea, sand, seagulls, picnic basket etc.

Remember to explore the different brushes available on paint, all will give you a different effect that may be useful for different parts of your picture! Think carefully about your colours too!

Don't forget to add your name using text and send it to me on Class Dojo!

Other creative ideas you might want to try:

Paper plate Seagull

Strawberry & Banana Lighthouses

2D Shape lighthouses

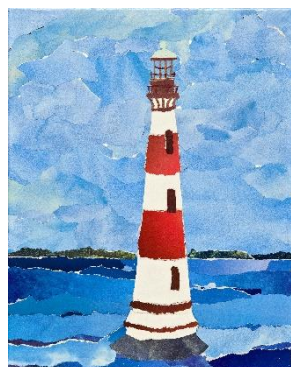

Use Lego to build a lighthouse and Lego figures to role play the story!

Build your own 3D picnic basket and have a picnic tea!

Using torn blue paper/blue pens/blue paint – create your own sea and lighthouse picture

Wednesday's Writing Task

How to make seagull scaring sandwiches

Ingredients

Step One: _____

Step Two: _____

Step Three: _____

Step Four: _____

HOW DID IT GO?

The Lighthouse Keeper's Lunch **40TH ANNIVERSARY**
Ronda and David Armitage

Help Mrs Grinling make a disgusting sandwich to keep the seagulls out of Mr Grinling's lunch.
