

DT

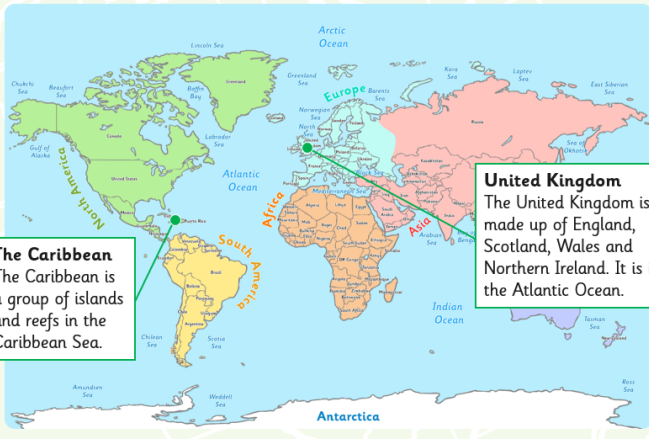

In DT we made boats! This was so much fun. First we looked at how boats work and the different types of power they use. We then explored the shapes of boats and we designed our own balloon boats. Then we got to make them! This was a lot of fun as we got to experiment with them in water. Some of them were very fast!

Geography

In Geography we have been learning all about the Caribbean. We have labelled the continents on a world map and identified the climates across the world in reference to the equator. We compared the weather in the UK to the Caribbean and also the human and physical features of homes and beaches.

Where in the World?

The Caribbean
The Caribbean is a group of islands and reefs in the Caribbean Sea.

United Kingdom
The United Kingdom is made up of England, Scotland, Wales and Northern Ireland. It is in the Atlantic Ocean.

We also learnt about rainforests! This was very interesting. We learnt about the layers of a rainforest and the features. We created rainforest art pieces in pairs and wrote descriptions about them.

The Rainforest

The rainforest is a very special place. It has lots of trees and animals. The trees are very tall and have many leaves. The animals are very colorful and interesting. The rainforest is very hot and humid. It is a very beautiful place.

The rainforest is a very special place. It has lots of trees and animals. The trees are very tall and have many leaves. The animals are very colorful and interesting. The rainforest is very hot and humid. It is a very beautiful place.

RE

In RE, we have learnt about forgiveness, neighbours, Islam and Pentecost.

One day Jesus saw Levi the tax collector sitting at his table collecting people's taxes. Jesus knew Levi had not always been honest, but still he asked him to follow his way.

Levi was really pleased at Jesus' invitation and he got up and said: 'Come to my house I am going to have a big party to celebrate.'

Levi changed his ways and became a friend of Jesus.

Based on Luke 5: 27-31
God's Story 2

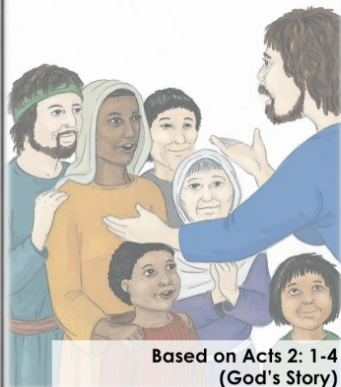

We learnt about holidays and holydays and explored how much we enjoy these special times. We learnt the story of Pentecost and the symbol of the Holy Spirit.

To explore forgiveness we listened to the stories of Zacchaeus and Levi.

We have really enjoyed the topic of our neighbours. It has been interesting to learn about the lives of our neighbours across the world and how our lives compare. We explored our wants and needs and fairness. We learnt about fair trade and how this ensures farmers are treated fairly.

They knew that Jesus had kept his promise to send the Holy Spirit, who would be with them always.

They wanted to share this happiness and they got up straight away to go out to tell everyone.

Based on Acts 2: 1-4
(God's Story)

PE, music & ICT

First we continued our balls skills unit from Term 2. We have enjoyed practising athletics and going to the school field to practise for sports day. It has also been such a special treat to have a yoga teacher show us yoga and we have enjoyed learning the different poses.

In music we learnt 'Three Little Birds' by Bob Marley and we also learnt the sign language to perform it too. We've enjoyed rhythm games, layering singing, learning a song in Congolese and learning a do-si-do.

In ICT we have been learning how to programme a beebot. This took a lot of practise and we used an online game to practise programming the beebot too.

Sports Day

The weather was super for Sports Day! We did a running race, bean bag race, sack race and hurdles. We also did a big running race; well done to the winners Nieve, Harper and Sofia! We look forward to parents watching next year.
