

# Life in Class 1

## Autumn 2021

During the first few weeks of being in Reception the children spent time exploring our classroom and playground and making new friends.

## Hoopstarz

The children enjoyed an in-school Hoopstarz session. During the session they mastered the art of hula hooping, learnt some tricks, and played games. They had so much fun!

## Gardening

The children worked hard removing the weeds from some planters then planting some winter pansies and bulbs ready for spring. The children made lots of minibeast discoveries during the process which led to lots of interesting discussion.

## Forest Schools

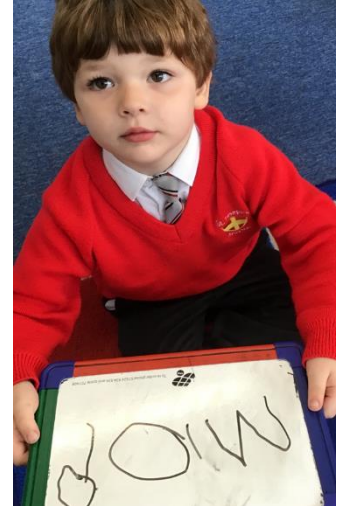

During our Forest School sessions, the children have enjoyed joining in active games, learning about autumn, building dens and being able to explore outdoors.

## Phonics

The children have been doing daily phonics lessons. They have been learning to read individual letter sounds and blend them together to make words. They have beginning to write words by writing the sounds that they can hear. They have also been learning some tricky words

## Stories

We have read lots of stories this term. The Gingerbread Man was one of the childrens favourites. We did lots of activities to go along with the story including making gingerbread men with playdough, roleplaying, experimenting with gingerbread men and water and baking gingerbread men to eat.

## Maths

In maths the children have been learning about shape and pattern and exploring the composition of numbers to 10.

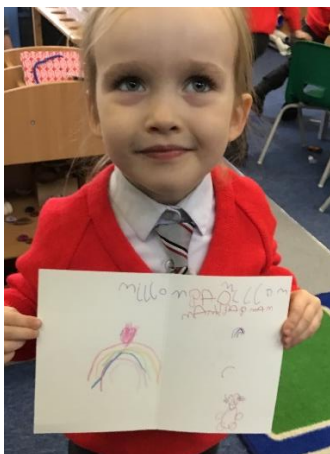

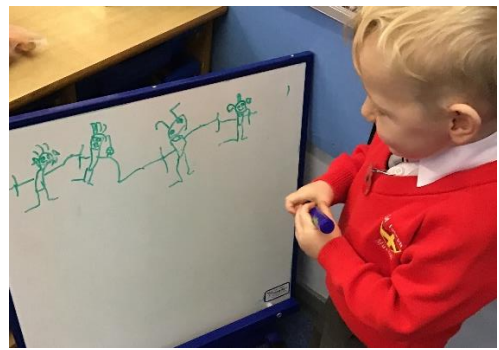

The children have also enjoyed...

### Constructing and creating

### Mark making

## Role play

## Music

## And looking at books.

Christmas
